

APPLICATION FOR SEWER SERVICE

The undersigned hereby request that the HASTINGS AREA SEWER AUTHORITY supply sewer service to the undersigned's property located at the following property address:

The undersigned hereby agree(s) to pay all fees, charges and costs imposed by the HASTINGS AREA SEWER AUTHORITY.

The undersigned hereby agree(s) to assume all responsibility arising from the breakage or leakage of pipes or damage from sewage, or theft or unlawful use of the sewer system, and the undersigned hereby releases said HASTINGS AREA SEWER AUTHORITY from any and all damage(s) to person or property caused by the quality and/or quantity of the sewer service, and/or the lack thereof, from any breakage of mains or service pipes, including, but not limited to, issues related to sewer pressure/flow.

The undersigned private property owner(s) is/are solely responsible for addressing sanitary sewer backflow. HASTINGS AREA SEWER AUTHORITY recommends that all private property owners install backwater sanitary valves (also known as "check valves" or "backwater valves") which are often referred to as "backflow preventers." These devices are intended to prevent backflow of sewage on the sanitary sewer line during a time of excess water (such as a flood or excess melting snow or heavy rain) or sewer blockage. These valves use a gate-like device to keep water/sewer from backing up into your basement or sewer pipes. This usually happens due to excessive water/sewage that fill-up sewer lines and has nowhere to go. The undersigned agree(s) that the undersigned is responsible for installing appropriate backflow preventer valve(s).

The undersigned agree(s) to claim no damage(s) to person and/or property on account of the stoppage of the flow of sewer resulting from the actions of the HASTINGS AREA SEWER AUTHORITY, its agents, employees or suppliers, or when stoppage is necessary to make alterations, repairs or improvements. The undersigned further agree(s) that the undersigned shall keep all plumbing fixtures on the undersigned's premises in good repair and shall promptly comply with all HASTINGS AREA SEWER AUTHORITY Rules and Regulations, including, but not limited to, illegal connections.

The undersigned also agree(s) to install the appropriate sewer lateral in compliance with all HASTINGS AREA SEWER AUTHORITY Rules and Regulations, and to pay for access to the public sewer system at the rates now in force or which may be established hereafter and that such access shall be subject to the rules, regulations and conditions which the HASTINGS AREA SEWER AUTHORITY has heretofore adopted, or which may be adopted hereafter, from time to time, for the preservation, regulation and protection of the sewer system of the HASTINGS AREA SEWER AUTHORITY.

The undersigned acknowledges that Pennsylvania Law specifically prohibits any person or entity from receiving sewer service without payment to the supplier. Any person or entity violating the Pennsylvania Criminal Law will be turned over to the appropriate police department for prosecution in addition to seeking reimbursement for any and all fees and costs incurred by the Sewer Authority,

including court costs, attorneys fees, expenses, interest, etc. The undersigned agrees and authorizes the HASTINGS AREA SEWER AUTHORITY to enter onto the undersigned's property for the purpose of investigating and eliminating illegal connections.

The undersigned hereby applies for sewer service at the above address; such service to be supplied by the HASTINGS AREA SEWER AUTHORITY under its Rates, Rules, and Regulations on file and available for inspection at its office, as set forth herein.
